IN A GOOD PLANT THE CROP IS HALF GROWN
KELLY’S EVERBEARING STRAWBERRIES

Think of picking ripe fruit ninety days from the setting of the plant and continually fruiting until the freezing of the fruit and plant prevents further growth, in the early winter.

You may send your entire order now. Will deliver when directed or when each variety is seasonable in your locality.

Fresh Ripe Strawberries
From June till December

MASTODON

A recent introduction that has created nation-wide interest as an extra large Everbearing Strawberry. The introducer claims it to be the equal of Superb in foliage, averages larger in fruit, almost as sweet as Progressive and much better plant maker.

Since the Inland Empire climate and soil are ideal for the production of Everbearing Strawberries, in fact is the highest producing section in the U. S., the Mastodon will surely be a money maker.

Order at once as stock is very limited.

Remember our MASTODON plants are direct from the originator. “BE SURE YOU START RIGHT.”

Postpaid, doz., 50c; 25, 85c; 50, $1.50; 100, $2.50; Not prepaid, 200, $4.50; 500, $8.00; 1000, $16.00.

Standard Varieties of STRAWBERRIES

Cultural Directions on Request.

NEW OREGON—A western variety and seemingly combines the splendid characteristics of the Hood River and Glen Mary types in its fruit. It is grown extensively with complete satisfaction.

GLEN MARY—A bright handsome standard sort, grows the country over.

MARSHALL—A well known popular berry.

Above Varieties—Postpaid, 25, 50c; 100, $1.25. Not Postpaid, 500, $4.25; 1000, $8.50.

HOWARD NO. 17 or Premier—The plant growth is fine. Foliage very dark and healthy. Fruit firm and large. This is a good one to plant.

DR. BURRILL—A marvel of productiveness, quality, color, size and firmness.

CLARK SEEDLING—It is unsurpassed as a shipping variety.

HOOD RIVER—The leading standard shipping variety.

SEN. DUNLAP—Its color is a rich dark red.

WM. BELT—Nothing better for quality.

WARFIELD—A very popular variety. Above varieties, postpaid, 25, 50c; 100, $1.25. Not prepaid, 500, $3.75; 1000, $7.50.

PROGRESSIVE—A prolific sweet berry. Is not as firm as Superb, but a popular berry for the home garden.

Postpaid, doz., 50c; 25, 85c; 50, $1.50; 100, $2.50; Not prepaid, 200, $4.50; 500, $8.00; 1000, $12.00.

Cultural Directions on Request

The culture of small fruit has been very much neglected in our great northwestern states, consequently small fruit products are scarce and command fancy prices. Their culture and care are not more exacting than other similar products.

Grapes

Concord—A large, black, well known grape, 2 year plants. Postpaid, each, 25c; 10, $1.50.

Worden—Earlier, better quality and larger than Concord, equally hardy and healthy, but not as good a shipper. Best black grape for home use. Postpaid, each, 25c; 10, $2.00.

Moore's Early—Earliest best grape for the Inland Empire and Rocky Mountain section. 2-year-old plant. Postpaid, each, 25c; 10, $2.00.

Niagara—Earliest, best white grape. Postpaid, each, 25c; 10, $2.00.

Aquawam—Ripens early, berries are large, reddish color and thick skin. Pulp soft and sweet. Each, prepaid, 25c; 10 for $2.00.

Delaware—Small berried but of delicious sweet flavor, light red in color. One of the earliest to ripen. Each, prepaid, 25c; 10 for $2.00.

Blackberries

Mersereau—We consider this the very best. 2-year-old plants. Postpaid, each, 20c; 10, $1.50.

Snyder—This is the standard early blackberry for the North country. Postpaid, each, 20c; 10, $1.50.

Eldorado—Vine is vigorous and hardy. Bears a fine crop of jet black berries of delicious flavor. Each prepaid, 20c; 10 for $1.50.

Loganberries

Loganberry—This fruit partakes of the blackberry in shape and form and has the flavor of the blackberry and raspberries combined. 2-year-old plants. Postpaid, ea. 20c; 10, $1.50.

Youngberry

A new fruit with seemingly wonderful possibilities. Berries are about an inch long of purple color. Their flavor is similar to raspberries. Vines are very robust, growing 10 to 20 ft. in a season. Prepaid each 40c; 5 for $1.00.

Kelly's Small Fruit Collection

An almost complete assortment of small fruit for a family garden that would ordinarily cost over $4.00 for $3.00 postpaid to your home.
50 Everbearing Strawberry Plants, 2 Everbearing Raspberries, 2 Blackberries, 2 Loganberries, 2Currants, 2 Gooseberries, 2 Grapes.

Our advice on any horticultural problem is yours for the asking.

Raspberries

Everbearing (St. Regis)—This is the best variety, particularly for home use, as it is in almost continuous bearing. Postpaid, each, 20c; 10, $1.50.

Cuthbert—The very best market and home variety. 2-year-old plants. Postpaid, each, 20c; 10, $1.50.

Latham—This remarkable variety has every indication of displacing Cuthbert in popularity. Its yield is enormous, flavor delicious and keeping qualities equal to any. Prepaid, each, 20c; 10 for $1.50.

Cumberland—The best black cap. Postpaid, each, 20c; 10, $1.50.

Gregg (Black Cap)—Of good size, fine quality, very productive and hardy. Postpaid, 20c each; 10 for $1.50.

Deberry

Deberrys (Lucretia)—Best variety for the Northwest. 2 year old plants. Postpaid, each, 25c; 10, $2.25.

Currants

Currants (Perfection)—The largest and best red currant. 2 year old plants. Postpaid, each, 20c; 10, $1.50.

Gooseberries

Gooseberries (Champion)—The best standard variety 2 year old plants. Postpaid, each, 25c; 10, $2.25.

Note—Owing to Federal Quarantine regulations, Currants and Gooseberries cannot be shipped after April 1 and before November 1.

Potted Plants—For Frosty and Cold Locations

The positively sure method of success in maturing Tomatoes, Egg Plants and Peppers in the short season localities so common in these northern latitudes is to set Kelly's Individuals containing these semi-tropical plants are annually doing their duty in maturing their fruit under unfavorable conditions. The whole secret is in the strong, thrifty plant, well hardened, growing in a specially prepared soil and the plant and roots are not in the least disturbed when resetting takes place. With this form and method, plants that are perishable by frost or inclement weather can be held and easily protected while growing all the time, until conditions are favorable.

The additional cost of the Kelly Individuals is a mere trifle when compared with the positivity of the resultant crop.

Plant Bands—A specially prepared paper band for individual plant growing, 4 x 4 x 3 inches. 100 75c; 1000, $5.00. 2½ x 2½ x 3 inches, 100, 60c; 1000, $4.00.

**TOMATO Plants**

**Finest Transplanted**

**DOZEN 30c**

KELLY'S EARLIANA is the best tomato for the Northwest. We have tested everything of promise to date. Kelly's Earliana is from selected fruit matured in the cool north.

**DWARF CHAMPION or TREE** — A strong, sturdy plant that produces solid and handsome fruit; its quality is unexcelled. It is later than our Earliana.

**BURBANK** — An exceptionally early sort, smooth and quite solid. Color, bright scarlet.

**KELLY'S BONNY BEST** — By selection we are offering this extremely fine fruit as a very close second to our Earliana in earliness. The scarlet color and solid meat are desirable. Used extensively as a greenhouse forcing variety. Plants are ready in January and on.

Our Tomato Plants are not just ordinary plants. We begin by carefully producing our own seed in our own fields. Careful selection of fruit for seed purposes only has resulted to a very marked degree, earliness, shipping qualities and increased production. Our methods of propagation, due to 35 years of persistent application and with our modern equipment and facilities, has rendered a service for greater quality production, unequalled by any propagators anywhere.

**PEPPERS**

**NEOPOliTAN** — Very early and a heavy producer. An upright growing variety. Fruit green at first, scarlet when ripe.

**33—RUBY KING.** A standard sweet variety, can be eaten raw like an apple.

**34—PIMENTO PEPPERS.** A delicious sweet flavored salad and stuffing pepper. Include this in your order.

**36—TOMATO, RED PEPPER.** Hot, pungent, ripens anywhere in this latitude.

**BURPEES SUNNYBROOK** — A most delicious sweet red pepper. Tomato shape. Include this in your order.

**38—CHINESE GIANT.** The largest, sweetest pepper in cultivation. Bullnose type, excellent for mangoes.

**CALIFORNIA WONDER** — A new pepper of remarkable merit. Bullnose type, it is extremely thick walled; its color unripe is a beautiful dark green and its skin is perfectly smooth and unwrinkled. Be sure to give this pepper a good trial.

**JOHN BAER** — A fine, medium early variety that is gaining popularity. Fruit very large and of fine attractive red color. It is an enormous cropper.

**PONDEROSA** — A fine tomato of immense size. Its flavor is unequalled and the fruit contains few seeds. No tomato has surpassed either its size or its delicious meaty flavor.

**U. S. Dept. of Agriculture Development**

**BREAK O'DAY** — An extremely important new variety that is of distinct interest to all tomato growers in this section. It is an early and is expected to reproduce the characteristics of form, color and solidity of the Mar-globe and Bonny Best type and the earliness of Earliana. You should try this variety.

**PLANTS, postpaid:** Doz., 30c; 50, $1.00; 100, $1.75.

**Not prepaid:** 500, $7.00; 1,000, $13.00; wt. 4 lbs. per 100.

**GROUND CHERRIES**

**Husk Tomato**

Unexcelled for canning, preserving, etc. Fruit of a yellow handsome color, easily grown. Postpaid. Doz., 30c; 50, 85c.

Send us your order now. We will deliver when seasonable.

**EGG PLANT**

**Black Beauty**

**EGG PLANT** — Set May 15 to July 10. Set 2x3 feet. A very delicious vegetable-fruit. Succeeds best on a warm, sandy or gravelly soil that is fertile. If your soil is cold or season short use only our INDIVIDUALS or FLATS.

**Prepaid:** Doz., 30c; 50, 75c; 100, $1.25.

**Not postpaid:** 1000, $7.00. Not prepaid, 1 flat, about 65 plants, $1.25. Not prepaid—individuals, doz., 60c; 20, $1.00; 100, $3.00.

FINE SELECTED VARIETIES
The Cream of American Grown Roses for the Pacific Northwest

ROSES
The Queen of Flowers

Among all the flowering shrubs that make for beauty, grace and ornamentation, there is none that can compare with the rose. The wide range of color, shape and size of the blooms and the diversity and character of the foliage give it a wider range for decoration than any other single group of plants.

Write for our free booklet giving instructions for planting roses.

Hardy Ornamental Shrubs

We are inaugurating a new policy of prepaying all transportation charges within 1st and 2nd Zone on ornamental shrubs. Remember the prices appearing after each variety of shrubs are the prices delivered to your door.

Ornamental shrubs are the foundation of all landscape plantings. In selecting your shrubs, bear in mind their ultimate height of growth. Place tall growing varieties in the background or in corners where height is needed. Use medium height growing varieties between taller sorts and dwarf kinds, under windows and in front of the taller varieties. Advice on planting difficulties is available at all times. Write us. It's free.

A valuable recent introduction identical with Thunbergii except the color of its foliage. Instead of the green of Thunbergii it comes out a brilliant bronzy red. The heat of summer intensifies this color and autumn adds many other rich tints. 18 to 24 in., each 75c, prepaid.

BARBERRY (Purple Leaf)—A very handsome reddish purple leaf. Attractive anywhere. 18-24 in., 65c.

BARBERRY—AMERICAN—This erect growing pretty shrub green leaves in summer turning to purplish shades in fall is a showy fine plant in any combination and in hedging. 2-3 ft., each 50c.

BEAUTY BUSH
BEAUTY BUSH (Kolkwitzia Amabilis)—A charming new shrub from China’s High Mountains. Perfectly hardy. Has beautiful trumpet and bell shaped pink flowers with orange veins. Collected in Japan’s High Mountains. Perfectly hardy. Properly pruned it becomes a graceful and imposing shrub suitable for any location. 3-4 ft., each 60c.

GRACILIS—Dense dwarf shrub. Fine for edging or planting in front of taller kinds. 15 in., each 10c; each 75c, prepaid.

Buddleia (Butterfly Bush)
PLANTS grow three to four feet and are covered with long racemes of lilac-like flowers in July. The best location is in good, rich, well drained soil in a sunny situation. It attracts the butterflies, and as many as fifty have been counted about a plant in a single afternoon. Each, 50c.

DOGWOOD
CORNUS (Dogwood) — Siberica—Most valuable for their brilliant colored bark and foliage variations. They live the somber winter aspect of leafless shrubbery. 18-24 in., each 30c; 3-4 ft., each 60c.

Hydrangea Paniculata
Japan Barberry

Common Snowball

Forsythia (Intermedia)

Among the first to bloom and their bright yellow flowers seem the very spirit of Spring, opening before the leaves appear. They attain an ultimate height of eight or ten feet. Fine specimen shrubs. 18-24 in., each 50c; 3-4 ft., each 60c.

Honeysuckle

Tartarian—A beautiful flowering shrub. One of the hardy growing hedge and screen plants. Probably the most rapid grower of all the hardy shrubs, often attaining a height of ten or more feet in a few years. 18-24 in., each 30c; 10 for $2.50; 3-4 ft., each 60c; 10 for $5.25, prepaid.

Kerria

Japonica—Double flowered. A fine shrub for most any location. Abundant double yellow flowers like half opened rose buds. Specimen plants. 3-4 feet, each 75c.

Philadelphia

(Mock Orange)

Virginalis—a magnificent new variety. The flowers are the largest, most fragrant and longest blooming immaculate white blooms. Yellow stamens. Summer blooming. 18-24 in., each 35c; 3-4 feet, each 65c.

Privet

Privet (Ligustrum Vulgaris) —This hardy privet will make the most beautiful and lasting hedge. Used as a border it will complete the lasting and natural beauty of your home and grounds. Prepaid. 2 to 3 feet, each, 50c; per 10, $3.50; per 100, $30.00. 1 to 2 ft., per 10, $2.00; 100, $15.00. One year plants per 10, $1.25; 100, $8.00.

The following shrubs can be used for beautiful HEDGES and SCREENS.

LILACS (Syringa)

COMMON PURPLE—A harbinger of spring shrub. Easily grown and admired. 2 ft, 35c; 4 ft, 65c; large specimens, $1.00.

COMMON WHITE—An old favorite and a wonderful shrub for screen or hedge planting. Prepaid, 3 to 4 ft., each 70c; 18-24 in., each 40c; 10, $3.50.

PERSIAN PURPLE—Dwarf growing, slender branches, narrow leaves. Specimen plants. Each, 65c.

LILAC (French Grafted)—There is no comparison between our common Lilac, as pretty as they are, to those of the French Hybrides in the texture, size, color tones, mixture of shades, fragrance and luster of the blooms. The rather bad habit of succoring in the common Lilac is unknown in the French Lilacs.

CHAS. X—Single purple.

LUDWIG SPAETH—Single Purplish Red.

PRESIDENT GREVY—Double Blue.

MME. ABEL CHATENAY—Double snow white.

Prices of French Lilacs: 2-3 ft., each 90c; prepaid.

SPIREA

All the SPIREAS bloom in a riotous extravagance. Style and color differ in varieties. Pink is the plant most acceptable to all.

ANTHONY WATERER—A fine dwarf Spirea with dark crimson flowers. Height, 2 to 3 feet, 35c; 18 inches, 60c.

VAN HOUTTEI—The grandest of all the Spireas, and one of the very best of all shrubs. A complete fountain of pure white bloom in May and June. 1 to 2 ft., each 30c; 2 to 3 ft., 40c; 3 to 4 ft., 55c.

PRUNIFOLIA (Bridal Wreath)—One of the earliest to bloom. Plum colored foliage turning to brilliant red in fall. Double white clustered flowers. Each, 2-3 feet, 65c.

BILLARDI—Erect growth with dense spikes of rose-pink flowers. Blooms from July till September. 3 ft., each 65c; 18-24 in., each 35c, prepaid.

TRICHOCARPA (Korean Spirea)—Another recent introduction, similar to Van Houtte. Its flowers are larger and appear in dome-shaped clusters. They are white with a distinct eye. 18-24 in., each 65c, prepaid.

SNOWBERRY

A very attractive shrub for general use. Inconspicuous rose-colored flowers followed by large, clustered, milk-white fruit. 3-4 ft., each 65c, prepaid.

POPLAR

LUMBARDY—A slender erect columnar growing tree. One of the best for windbreaks and a beauty anywhere. Each, $1.00 to $1.50.

FERTILIZERS
Not Prepaid

Feeding plants is as essential as that of feeding animals. While most soils are provided with an abundance of the elements to produce crops, wise nature has so combined and locked up the natural fertilizer agents in the soil so that greedy man would not be able to rob them too hastily. The liberation of this plant food becomes a basic study for the producer. This involves keen judgment and much experimentation. This subject is merely presented to interest you sufficiently to cause some experimenting with the use of organic and inorganic fertilizers. You will find it very interesting and highly profitable. We may be able to assist you. Our service is FREE.

Kelly’s Evergreens

Evergreens, with their beautiful symmetry and their richness of color, add grace and dignity to the landscape design as no other nursery product can. Within the past few years, evergreens have gained in favor for the planting of the home so that now, the modern design calls for practically all evergreens. And this favor has been justly won for, in winter as well as summer, their wonderful shapes and their gorgeous hues illuminate their surroundings with a spirit of cheerfulness and satisfaction.

To flank an entrance, the taller growing varieties are particularly effective; for rock walls, terraces and rockeries, the prostrate types should be used. As single specimens out in the lawn, there is no more beautiful than the Colorado Blue Spruce. For windbreaks and backgrounds, use the Norway and Colorado Blue Spruce.

Remember our help and advice in beautifying your home is positively free, hence feel free to write us on any of these questions. We are sure that we can assist you.

All of our Evergreens are dug with a large ball of earth about the roots to insure safe transplanting. Crating and transportation are charged at cost.

THUJA

ARBOR VITAE (Pyramidalis)—The most compact and erect of the species. Popular in evergreen plantings for use in rockeries, the prostrate types should be used. As single specimens out in the lawn, there is no more beautiful than the Colorado Blue Spruce. For windbreaks and backgrounds, use the Norway and Colorado Blue Spruce.

Remember our help and advice in beautifying your home is positively free, hence feel free to write us on any of these questions. We are sure that we can assist you.
